Profile

We at Bünting Tee can look back on a history of over 200 years. On the first of May in 1806, Johann Bünting laid the foundation stone for the oldest private tea trading company in East Frisia - with the founding of his own grocery shop in Leer.

For us, tea is a passion and a piece of serenity that we would like to share. With dedication and care, we are constantly creating new teas and diverse taste experiences to surprise tea lovers in and outside East Frisia again and again.
